

Grill'n For Peace

February 7, 2009 Vilas Park beach.
We will be grilling on the frozen
waters of Lake Wingra from 10AM-3PM.

The goal

Raise money and cook food to support Savory Sundays. This is an organization that feeds the needy every Sunday at 2pm in the basement of the State Capitol.

The idea

Create a huge peace sign out of 67 "Old School" Weber® grills on the frozen Lake Wingra by convincing 67 people to donate \$35 for the privilege of participating. We will give away t-shirts to all participants. We are a non-for-profit organization therefore all your donations are tax deductible.

What you need to do:

Fill out the sign up sheet below and mail it along with the check made out to Grilln4Peace for \$35 to:
Grilln4Peace 325 N. Mills Street Madison, WI 53715.

What you need to bring

A old school Weber® grill. Size is important, not color. If you don't have one, ask friends, family & neighbors in order to borrow one. Dimensions for 22.5 inch kettle: • Height: 38.5 inches • Width R-L: 25 inches • Depth: 22.5 inches. Bring a sled to get your stuff onto the lake.

You will also need to supply your own Charcoal (a small bag of Matchlight® would work well).

Bring meat to grill (some to eat and some to donate to feed the needy). Don't forget cooking utensils.

Things to consider

It will be cold on the lake so dress accordingly. We will re-schedule for the following Saturday if there is rain. If the ice is too thin, we will gather on a small rise across the street from where we will be parking. I will send out an e-mail the day before to confirm it's a go. Bathrooms are across the street at the zoo. How long you grill is up to you. Depending upon what you grill, burgers, brats & hot dogs, vegetables, bread, Boca burgers will cook fast. So if you have somewhere to be, that's what you should grill. Ribs, chicken, goat, beef, pork loin will take longer.

We will supply a side dish and coffee, plates, napkins and cups.

Any further questions just e-mail me at grilln4peace@gmail.com.
